PROJECT TIMELINE

YOUR TEAM

BRIAN DENNEY

Email: brian_denney@alescorms.com

Brian has 25 years' specific construction experience and specialises in the design, placement and servicing of insurance programmes for clients globally. Brian's expertise is in infrastructure risks and he has extensive experience in risk management and the specific insurance requirements of large and complex civil construction projects including tunnels, bridges and roads.

Brian was previously head of Marsh's London Infrastructure team. He joined Alesco in November 2014 to focus on Infrastructure projects globally.

MARK LILLEY

Email: mark_lilley@alescorms.com

Mark has over 20 years' experience within the insurance broker sector working for the four largest global brokers. He has worked across the risk management and risk transfer space in roles ranging from UK PFI, through International Infrastructure construction on both a PPP and traditional basis, to internally facing roles on strategic corporate initiatives and product development. Mark has specialised in Infrastructure PPP / Concession models and the lifecycle risks and risk treatments that are specific to the sector.

OUR EXPERIENCE

Our team has worked on over 60 road projects in Europe, America, LATAM and Africa and we have recently recruited a number of experienced new team members.

Our teams experience includes major Bridge and Tunnel projects such as the US Goethals Bridge, UK Forth Replacement Crossing, Eurasia Tunnel Turkey, Elizabeth River crossing US, Brisconnect Australia, North South Brisbane Tunnel, Third Bosphorus Bridge.

ABOUT ALESCO

Alesco is a fast-growing and dynamic insurance broker that specialises in energy, construction, property, liability and related lines of business. Combining the strength and reach of a global brand, with the service levels and flexibility of a specialist independent broker, Alesco is committed to building confidence and creating certainty in your business.

Clients across the globe rely on Alesco to identify, manage and mitigate risk – and to broker some of the best policies with the world's leading insurers and reinsurers. Should clients require support in an individual specialism or the development of a single, comprehensive proposition across their portfolio, we have the proven skills and connections to serve all national and international interests.

Alesco cannot be held liable for any errors, omissions or inaccuracies contained within the document.
